

## 5.10.3 How common are proton beams, where do they come from and what impact do they have on ambient conditions (wave generation, heating)?

5.10.3 How common are proton beams, where do they come from and what impact do they have on ambient conditions (wave generation, heating)? *[multiple orbits, radial dependence]*

Required observations:

- SWA, SWA Normal Mode, several hours, other instruments: MAG, RPW.

Duration:

- Several hours.

Other constraints:
